Work Experience

Consulting Utility Forester

ACRT Pacific, LLC. - Davis, CA

November 2020 to Present

Patrol utility power lines for hazards and hazard trees, perform identification, inspection, and evaluation of trees and brush along utility lines. Assist in the submitting inspection results to clients with recommendations. Drive a company vehicle in on road and off road conditions.

Student Intern

CALIFORNIA GEOLOGICAL SURVEY

July 2019 to Present

I work using the ArcGIS or QGIS program: I've been modeling the regional historic high groundwater for the Los Angeles County Basin to determine the liquefaction potential for school and hospital reviews; I transfer data from geotechnical reports into a database on

QGIS; I've given a presentation to the department director at the Sacramento

Headquarters reviewing the historic high groundwater modeling process that I've been using.

Student Assistant

California State University - San Jose, CA

May 2018 to Present

408)924-1000

I assist teachers in the geology and meteorology department in various ways. I assist teachers in grading assignments from other students. I also conduct research and compile data to present information about geology to various audiences, including young children and individuals with little to no background in science. Many of these presentations have been given on trails in local parks, so I have had to hike and search these trails to find examples of teachable geology, then convey the knowledge in a way that is easily understandable.

Pharmacy Lead Technician

CVS Pharmacy

May 2009 to September 2015

I processed prescription orders, I coordinated third party billing, I counted and verified medication requests and orders, I maintained drug inventory and processed expired returns, I managed a team of Pharmacy personnel, I was able to speak some Spanish and could assist Spanish speaking individuals

in the pharmacy, I received special training for this position. This position required an ability to handle multiple tasks at a time, to delegate, and be able to manage a team of employees. A highly skilled level of customer service was required, as well as a caring and patient attitude and the sensitivity for the health of others.
